

## General

The following illustration indicates the general position of each earth point and earth header on the vehicle. Refer to the **Connector** section for more information.

CL 0007

Refer to the Circuit Diagrams for details of electrical components and their associated earth points. (Saloon vehicle shown)

## CIRCUIT REFERENCE NUMBERS

### CONNECTOR APPLICABILITY

#### General

The following table lists the circuit reference numbers against a description of the model or feature to which they apply.

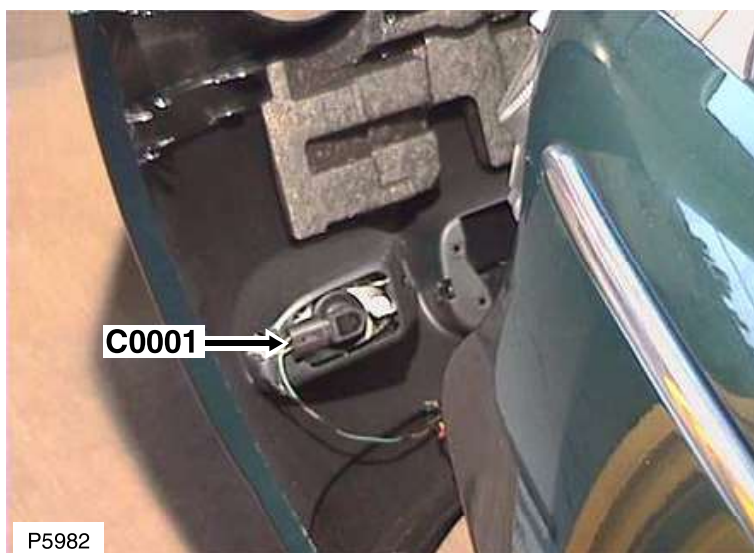

This information should be used in conjunction with the connector pin out tables, on the following pages, to determine the wire configuration of the vehicle being worked on.

Cct	Model or feature
1	Front fog lamps
2	Development
3	Sunroof
4	M47R
5	K Series without cruise control
6	K Series with cruise control
